Suggestions

The ideal recruitment effort will attract a large number of qualified applicants who will take the job if it is offered. It be required to also provide information so that unadulterated applicants can self-picked out themselves out of the job candidacy; i.e. a good recruiting program be required to attract the qualified and not unqualified candidates. If the right person is first-class, he is valuable service better to the organization and if wrongly selection is made the employee will become a responsibility to the organization.

- Therefore, it deserves great care and concern to think up and implement recruitment strategies and sourcing conduct, with a presage preference for exceptional organizational achievement. The private purpose of the project was to study the sourcing manners vis-à-vis to entry level openings and to intimate to unsteadiness in current process to make sourcing more cost effectiveness.

Conclusion

- The companies follows a standard policy to denote employees
- The existing recruitment policy is adequate to elicit unconventional types of personnel but new methods of recruitment and selection should be adopted to be more effective.
- The present recruitment policy is flexible enough as it has undergone several unsteadiness from time to time to suit the requirements of the management.
- In the companies, both internal & external sources of recruitment are used
